IEC 61000-4-5. From Wikipedia, the free encyclopedia. Jump to navigation Jump to search. IEC 61000-4-5 is the International Electrotechnical Commission 's international standard on surge immunity.

Bookmark File PDF 61000 4 2 4 5 11 Update 2 12 2010

The current version is Third Edition dated 2014-05-15. Power lines may be hit by surges from power switches and from lightning, and the standard defines test set-up and procedures, and classification levels.
