This Fourth Edition of Medical Assisting Exam Review for CMA, RMA & CMAS Certification focuses on the critical most current components of the MA and MAS curricula, making it an indispensable tool for recent graduates, practicing medical assistants, medical administrative specialists and medical administrative assistants preparing to sit for any recognized national certification exams.

This third edition is the most comprehensive and dynamic learning package on the market for Medical Assisting. It boasts the most skills and procedures covered and includes key areas either not found or lightly touched on in other books such as: History of Medicine, Professional Procedures, coverage of OSHA and CLIA, and transcription. All ABHES and CAAHEP competencies are covered. The new edition maps to the latest CAAHEP Standards and Guidelines for Medical Assisting Educational programs and the ABHES Program Requirements and Curriculum. Comprehensive Medical Assisting: Administrative and Clinical Competencies provides more opportunity for critical thinking through case studies, critical thinking questions, scenarios, and features tying to both of Delmar's Medical Assisting DVD series. The book also emphasizes softer skills such as professionalism and practical skills including how to comply with HIPAA regulations and deal with privacy issues on the job. Delmar is a part of Cengage Learning.
