The modern engineer has two key tasks: successfully completing projects and working to win the next one. In the past, a proposal may have been little more than a brief letter, accompanied by one or two CVs. Now, to tempt prospective clients, engineers have to submit a comprehensive document consisting of one hundred pages or more of text and calculations and offer an interesting package of skills at a competitive price. This book is a practical step-by-step guide which will help practising engineers prepare and write successful proposals.

This book shows how to write an expression of interest (EOI) in response to a proposal. It can be an advertisement in the newspaper or television. This book shows how to write an EOI by working on an example having topic "EIA of Shopping plaza." The advertisement says that proposals are invited from renowned national firms for providing consulting services to Punjab developers for the development of a Mega Shopping Plaza (10 floors) in Lahore. The interested consultancy firms are required to submit their applications for preparing the design of the shopping plaza and infrastructural development work.

This publication analyses recent developments in migration movements and policies in OECD countries and selected non-OECD countries. It also includes two special chapters on the skills of immigrants and their use in the labour market as well as on the management of labour migration.

The Expert Committee on Specifications for Pharmaceutical Preparations works towards standards and guidelines for medicines' quality assurance. The forty-second meeting adopted 11 new monographs for inclusion in The International Pharmacopoeia (Ph.Int.) and seven related new International Chemical Reference Standards (ICRS). The specifications currently developed are internationally applicable test methodologies for antimalarial, antituberculosis, antiretroviral and specifically also medicines for children. The main principles for selection of INNs for biologicals were endorsed. In order to serve the WHO-managed Prequalification Program, two new procedures were adopted, namely on prequalification of intrauterine devices (IUDs) and of male latex condoms, together with a new guidance on the assessment of active pharmaceutical ingredients for use in medicines.--Publisher's description.

This review examines the implications of recent changes to Australia's labour migration system and to the tools used to manage labour migration, discussing the extent to which they respond to the labour market needs of Australian States and Territories. It also provides a detailed analysis...

This book reviews the use of immigrant workers in New Zealand and the policies created to control their use.

Black money and financial crime are emerging global phenomena. During the last few decades, corrupt financial practices were increasingly being monitored in many countries around the globe. Among a large number of problems is a lack of general awareness about all these issues among various stakeholders including researchers and practitioners. The Handbook of Research on Theory and Practice of Financial Crimes is a critical scholarly research publication that provides comprehensive research on all aspects of black money and financial crime in individual, organizational, and societal experiences. The book further examines the implications of white-collar crime and practices to enhance forensic audits on financial fraud and the effects on tax enforcement. Featuring a wide range of topics such as ethical leadership, cybercrime, and blockchain, this book is ideal for policymakers, academicians, business professionals, managers, IT specialists, researchers, and students.
