~~About—Alice Hoffman~~

"Here on Earth" by Alice Hoffman is a love story unlike any others I've ever read. It's like six love stories crafted together into one beautifully written novel that highlights both the beauty and the pain that we are willing to endure to follow our hearts to the end of Earth and beyond.

~~Amazon.com: Customer reviews: Here on Earth~~

In her novel, Here on Earth, Hoffman does an excellent job in creating her characters: March, Holla, Gwen, and Hank. March is a character that most women can relate to at some piont in their life. The long lost love that is rekindled, and although at points I was very frustrated with March's decision to stay with the controlling Hollas, I could understand what was making her stay and how she was thinking.
