a little help from my friends If U.S. officials were to directly ask countries to choose between the United States and China, they might not like the answers. One recent poll revealed that overwhelming majorities in many of Europe's largest countries would remain neutral in the event of a conflict between the United States and China.

If you feel like you're losing friends suddenly, pay attention!

In 1995 high-flying British journalist Toby Young left London for New York to become a contributing editor at Vanity Fair. Other Brits had taken Manhattan-Alistair Cooke then, Anna Wintour now-so why couldn't he? But things didn't quite go according to plan. Within the space of two years he was fired from Vanity Fair, banned from the most fashionable bar in the city, and couldn't get a date for love or money. Even the local AA group wanted nothing to do with him. How to Lose Friends and Alienate People is Toby Young's hilarious account of the five years he spent looking for love in all the wrong places and steadily working his way down the New York food chain, from glossy magazine editor to crash-test dummy for interactive sex toys. But it's more than "the longest self-deprecating joke since the complete works of Woody Allen" (Sunday Times); it's also a seditious attack on the culture of celebrity from inside the belly of the beast. And there's even a happy ending, as Toby Young marries-"for proper, noncynical reasons," as he puts it-the woman of his dreams. "Some people are lucky enough to stumble across the right path straight away; most of us only discover what the right one is by going down the wrong one first." "I'll rot in hell before I give that little bastard a quote for his book." -- Julie Burchill "A relentlessly brilliant book-a What Makes Sammy Run for the twenty-first century . . . the funniest, cleverest, most touching new book I've read for as long as I can remember." -- Julie Burchill, The Spectator

THE COAST-TO-COAST BESTSELLER AND NOW A MAJOR MOTION PICTURE starring simon PEGG, Kirsten DUNST, megan FOX and Jeff BRIDGES High-flying British journalist Toby Young set out for New York to become a contributing editor at Vanity Fair. Other Brits had taken Manhattan, why not Toby? But things didn't quite go according to plan. Within two years he'd been fired from Vanity Fair, banned from the most fashionable bar in the city, and couldn't get a date for love or money. Even the local AA group wanted nothing to do with him. How to Lose Friends and Alienate People is Toby Young's best-selling and critically acclaimed memoir of steadily working his way down the New York food chain from glossy magazine editor to crash-test dummy for interactive sex toys. A seditious attack on New York's A-list and the culture of celebrity from inside the belly of the beast, it's a book USA Today calls a "nastily funny read." With a new postscript by the author on the making of the movie "Hilarious lifestyles of the rich and shameless ... Young is a self-deprecating Tom Wolfe." - People "Achingly funny." - Globe and Mail (Toronto)

2014 Reprint of 1937 Edition. Full facsimile of the original edition, not reproduced with Optical Recognition Software. "How to Lose Friends and Alienate People" is a bare-faced satire on the worldwide bestseller book, Dale Carnegie's "How to Win Friends and Influence People." It is also a self-help book, but it tackles the issue from the other side. Irving always considered that Dale Carnegie was all wrong when he encouraged people to smile and be optimistic. His philosophy is totally different. For Irving, great life achievements can be made by those who live negatively. In this book you will find advice on how to lose friends and make people hate you so that you will be more productive and successful in your life. It is the only book that has ever been written to help people dissolve their human relationships in favor of having a better life! According to Irving, some of us are born with ability to make others peeved, but most of us aren't. Originally published in 1937, "How to Lose Friends and Alienate People" is a tongue-in-cheek primer by Irving Tressler on how to achieve more free time and peace by having few, if any, friends and acquaintances. "Some of us are born with ability to make others peeved, but most of us aren't. We flounder about making empty, vapid, pleasing remarks and before we know it we have another 'friend' and have invited him to lunch some day."

* An Englishman in New York - by a man who survived to tell the tale

After a sell-out first edition, we now have a new fully revised and updated second edition. Includes an all-new comprehensive chapter about the role of the CEO and the role of Directors, The Boss's Boss: Infuriating Directors. Employees who don't understand corporate politics are like defence personnel who don't understand combat. What's more liberating than financial freedom, and more reassuring than job-security? It's called career independence, whereby: what you don't have, you can obtain; what you don't know, you can learn; what you don't own, you can access; and what you don't want, you can discard. If you are an employee, this book will help you to take control of your career so that you can live a zestful and enchanting life. If you are the boss, this book will show you how to turn employees into superstars so that together, you'll know what to do when the rules run out. Jonar Nader says, 'If you choose to be a success, you'll be a success at whatever you choose, so long as you can follow your heart and watch your back.'

Offers advice on the kinds of things to do if you don't want to have any friends

Jonar C. Nader is the anti-Dale Carnegie. Fed up with what he calls "inefficiency, inaccuracy, inconsistency, and untruths", he wrote How to Lose Friends and Infuriate People as an antidote to "winning friends", "seeking excellence", and all the other cliches that dominate -- and cripple -- the world of business leadership and personal achievement. Avoiding the anecdotes and celebrity profiles that mark many leadership books, this one offers the reader a combative new paradigm. In the three parts of the book, Nader helps readers develop their skills, work with others, and survive and prosper. This involves simple but often overlooked strategies such as standing firm, rejecting majority rule, watching out for "time thieves", valuing truth enough to speak out about it, and applying new concepts such as "mono-thought" and "swallowing your market whole". Nader's wit -- "Apart from sudden death, nature is generally fair" -- adds leavening to his insights.

If love conquers all, what conquers love? All of us yearn for affection. We ache for intimacy. We pine for solace. We burn for love. Indeed, love can be baffling and tormenting. The world's troubles would lift and drift if those whom we loved, could love us in return. This book is for lovers and those who infuriate them. It is for those who have never been loved, or who have loved too much. It is for those who have never been hurt, or who have cried in the dark. It is for those who have never uttered the three magic words, or who have no words left - thanks to friends who have no idea how destructive their indifference can be. Jonar Nader, best-selling author of HOW TO LOSE FRIENDS AND INFURIATE PEOPLE will blast a few volts into your love-life. If you're lucky, you might be the one to get zapped.

A guide to leading with strength and a dominant personality challenges the cliches and "new paradigms" of modern business with a straightshooting, simple plan. 25,000 first printing.
