concentrate on the intuition and insights that will be useful to practitioners throughout their careers as new ideas and challenges emerge from the financial marketplace. The Tenth Edition includes increased attention to changes in market structure and trading technology, while continuing to be organized around one basic theme - that security markets are nearly efficient.

Bodie, Kane, and Marcus' Investments sets the standard for graduate/MBA investments textbooks. It blends practical and theoretical coverage, while maintaining an appropriate rigor and a clear writing style. Its unifying theme is that security markets are nearly efficient, meaning that most securities are priced appropriately given their risk and return attributes. The text places greater emphasis on asset allocation and offers a much broader and deeper treatment of futures, options, and other derivative security markets than most investment texts. It is also the only graduate Investments text to offer an online homework management system, McGraw-Hill's Connect Finance.

Offers a practical and theoretical coverage of investments market. This book places emphasis on asset allocation, and offers a treatment of futures, options, and other derivative security markets.
