Discover the latest research on crafting compelling narratives in interactive entertainment Electronic games are no longer considered “mere fluff” alongside the “real” forms of entertainment, like film, music, and television. Instead, many games have evolved into an art form in their own right, including carefully constructed stories and engaging narratives enjoyed by millions of people around the world. In Handbook on Interactive Storytelling, readers will find a comprehensive discussion of the latest research covering the creation of interactive narratives that allow users to experience a dramatically compelling story that responds directly to their actions and choices. Systematically organized, with extensive bibliographies and academic exercises included in each chapter, the book offers readers new perspectives on existing research and fresh avenues ripe for further study. In-depth case studies explore the challenges involved in crafting a narrative that comprises one of the main features of the gaming experience, regardless of the technical aspects of a game’s production. Readers will also enjoy: A thorough introduction to interactive storytelling, including discussions of narrative, plot, story, interaction, and a history of the phenomenon, from improvisational theory to role-playing games A rigorous discussion of the background of storytelling, from Aristotle’s Poetics to Joseph Campbell and the hero’s journey Compelling explorations of different perspectives in the interactive storytelling space, including different platforms, designers, and interactors, as well as an explanation of storyworlds Perfect for game designers, game developers, game and narrative researchers and academics, and undergraduate and graduate students studying storytelling, game design, gamification, and multimedia systems, Handbook on Interactive Storytelling is an indispensable resource for anyone interested in the deployment of compelling narratives in an interactive context.

For the first time in its one-hundred-and-twenty-five-year history, the Arthur Conan Doyle Estate has authorized a new Sherlock Holmes novel. Once again, THE GAME'S AFOOT... London, 1890. 221B Baker St. A fine art dealer named Edmund Carstairs visits Sherlock Holmes and Dr John Watson to beg for their help. He is being menaced by a strange man in a flat cap - a wanted criminal who seems to have followed him all the way from America. In the days that follow, his home is robbed, his family is threatened. And then the first murder takes place. Almost unwillingly,

Online Library Mansion Murders Sherlock Holmes Consulting Detective

Holmes and Watson find themselves being drawn ever deeper into an international conspiracy connected to the teeming criminal underworld of Boston, the gaslit streets of London, opium dens and much, much more. And as they dig, they begin to hear the whispered phrase—the House of Silk—a mysterious entity that connects the highest levels of government to the deepest depths of criminality. Holmes begins to fear that he has uncovered a conspiracy that threatens to tear apart the very fabric of society. The Arthur Conan Doyle Estate chose the celebrated, #1 New York Times bestselling author Anthony Horowitz to write *The House of Silk* because of his proven ability to tell a transfixing story and for his passion for all things Holmes. Destined to become an instant classic, *The House of Silk* brings Sherlock Holmes back with all the nuance, pacing, and almost superhuman powers of analysis and deduction that made him the world's greatest detective, in a case depicting events too shocking, too monstrous to ever appear in print...until now.

In the summer of 1994, a workman at the historic mansion of railroad baron James J. Hill in St. Paul, Minnesota, stumbles on a long-hidden wall safe. When experts arrive to open the safe and examine its contents, they make an astonishing discovery. There, inside, is a handwritten manuscript bearing the signature of John H. Watson, M.D. The manuscript contains the story of how Sherlock Holmes and Watson traveled to Minnesota to track a murderous arsonist—known only as the Red Demon—who is threatening both Hill and his Great Northern Railway. Set against the backdrop of the real, devastating Hinckley forest fire of 1894, *Sherlock Holmes and the Red Demon* is the tense and atmospheric first novel in Larry Millett's classic series of adventures that brought Sherlock Holmes and Dr. Watson to Minnesota.

This edited collection of chapters concerns the evolving discipline of procedural storytelling in video games. Games are an interactive medium, and this interplay between author, player and machine provides new and exciting ways to create and tell stories. In each essay, practitioners of this artform demonstrate how traditional storytelling tools such as characterization, world-building, theme, momentum and atmosphere can be adapted to full effect, using specific examples from their games. The reader will learn to construct narrative systems, write procedural dialog, and generate compelling characters with unique personalities and backstories. Key Features Introduces the differences between static/traditional game design and procedural game design Demonstrates how to solve or avoid common problems with procedural game design in a variety of concrete ways World's finest guide for how to begin thinking about procedural design

****A Guardian 'Best Thriller of the Year!'** The New York Times bestselling author of *Magpie Murders* and *Moriarty* brilliantly reinvents the classic crime novel once again with this clever and inventive mystery starring a fictional version of the author himself as the Watson to a modern-day Holmes, investigating a case involving buried secrets, murder, and a trail of bloody clues. A woman crosses a London street. It is just after 11am on a bright spring morning, and she is going into a funeral parlor to plan her own service. Six hours later the woman is dead, strangled with a crimson curtain cord in her own home. Enter disgraced police detective Daniel Hawthorne, a brilliant, eccentric man as quick with an insult as he is to crack a case. And Hawthorne has a partner, the celebrated novelist Anthony Horowitz, curious about the case and looking for new material. As brusque, impatient, and annoying as Hawthorne can be, Horowitz—a seasoned hand when it comes to crime

stories—suspects the detective may be on to something, and is irresistibly drawn into the mystery. But as the case unfolds, Horowitz realizes he ' s at the center of a story he can ' t control . . . and that his brilliant partner may be hiding dark and mysterious secrets of his own. A masterful and tricky mystery which plays games at many levels, *The Word Is Murder* is Anthony Horowitz at his very best.
