Make math matter to students in grades 5 and up using Math Projects! This 64-page book provides exciting individual, partner, and small-group projects that promote creative problem solving. Students compute, read, write, and utilize social and artistic skills with the more than 50 projects! The book supports NCTM standards and aligns with state, national, and Canadian provincial standards.

With Using Graphic Organizers, students can practice analyzing nonfiction texts by using visual symbols to represent ideas and concepts, as well as learn to engage in information processing and higher-order thinking skills. Each lesson contains a blank organizer and a completed organizer with sample answers provided. Topics include the tropical rain forest, camels, types of clouds, and more. The book also provides differentiated instruction strategies and an interactive CD that allows organizers to be completed on a classroom whiteboard, computer projection device, or desktop computer. Mark Twain Media Publishing Company specializes in providing captivating, supplemental books and decorative resources to complement middle- and upper-grade classrooms. Designed by leading educators, the product line covers a range of subjects including mathematics, sciences, language arts, social studies, history, government, fine arts, and character. Mark Twain Media also provides innovative classroom solutions for bulletin boards and interactive whiteboards. Since 1977, Mark Twain Media has remained a reliable source for a wide variety of engaging classroom resources.
