Emozionante a prima vista grazie ai suoi riflessi che virano dal verde sottile al giallo d'Arles che appagano la vista. Dispensa carattere ed autorità. Le note complesse di erba tagliata, timo, ...

Nel 1942 il governo giapponese imponeva la censura su *Neve sottile*, il romanzo che Jun'ichirō Tanizaki stava pubblicando a puntate su una rivista: nelle sue pagine la guerra, minacciosa e inarrestabile marea, suscitava nei personaggi sgomento e preoccupazione, non il fervore dell'allineamento. Tanizaki era ben lontano dall'urgenza degli eventi: nella storia di quattro sorelle di Osaka, degli equilibri e squilibri affettivi che giocano in seno alle famiglie, straordinaria è l'intensità dell'esperienza psicologica; mai il racconto si aggiusta nei limiti angusti di una cronaca. Ma c'è di più. Il confronto fra il modello occidentale e le antiche tradizioni nipponiche si fa materia e motivazione delle scelte, emblema dei destini personali. *Neve sottile* è il grande romanzo della maturità di Tanizaki: nelle sue pagine l'eroticismo delle prime e delle ultime opere si arricchisce fino a una profonda ricognizione dell'esistenza umana.

This book pursues the specific case of Italian travel narratives in the Far East, through a focus on the experience of Japan in works by writers who visited the Land of the Rising Sun beginning in the Meiji period (1868-1912) and during the concomitant opening of Japan's relations with the West. Drawing from the fields of Postcolonial and Transnational Studies, analysis of these texts explores one central question: what does it mean to imagine Japanese culture as contributing to Italian culture? Each author

shares in common an attempt to disrupt ideas about dichotomies and unbalanced power relationships between East and West. Proposing the notion of 'relational Orientalism,' this book suggests that Italian travelogues to Japan, in many cases, pursued the goal of building imaginary transnational communities, predicated on commonalities and integration, by claiming what they perceived as 'Oriental' as their own. In contrast with a long history of Western representations of Japan as inferior and irrational, *Searching for Japan* identifies a positive overarching attitude toward the Far East country in modern Italian culture. Expanding the horizon of Italian transnational networks, normally situated within the Southern European region, this book reinstates the existence of an alternative Euro-Asian axis, operating across Italian history.

*Japanese and Western Literature* delves deeply into Japanese culture to discover the concepts that similarize and differentiate Japanese and Western literary creations. Paralleling Japanese literary creations and fundamental thought with those of the West, the author draws many illuminating comparisons: for example, between the novels of Murasaki Shikibu and Marcel Proust, between the Portuguese poet Torga and the haiku master Issa, and between the picaresque novel in Japan and in the West. Contrastive studies are also made into such concepts as time, nature, love, and tragedy. This broad yet incisive survey of Japanese literary genres and themes is more than a comparative study of literature, however; it is an attempt to grasp the core of Japanese culture by setting it against world

culture. From this born a complex of new ideas and problems, and author is able to probe the extent of Western influence on Japanese fiction, poetry, and essays in the past hundred years.

Carlo Testa demonstrates that while pairings of famed directors and writers are commonplace in modern Italian cinema, the study of the interrelation between Italian cinema and European literature has been almost completely neglected in film scholarship.

In una Oslo imbiancata dalla prima neve, una donna scompare senza lasciare traccia. L'unico indizio per la polizia è un pupazzo di neve con il volto rivolto verso la stanza da letto della vittima. Il commissario Harry Hole, incaricato delle indagini, scoprirà che il caso è legato ad altre sparizioni misteriose, e che dietro potrebbe celarsi uno spietato serial killer.

This little treasure documents Jasper Johns' "Seasons" cycle of four canvases that were originally shown at the Leo Castelli Gallery in 1986, and which have since become a milestone work in his career. An anthology of key Johns motifs, and thus something of a taking-stock sequence, "Seasons" is yet another masterwork in Johns' career.
