“Peopleware is the one book that everyone who runs a software team needs to read and reread once a year. In the quarter century since the first edition appeared, it has become more important, not less, to think about the social and human issues in software development. This is the only way we’re going to make more humane, productive workplaces.

From Amazon Peopleware asserts  
that most software development  
projects fail because of failures within  
the team running them. This strikingly  
clear, direct book is written for  
software development team leaders  
and managers, but it's filled with  
enough common-sense wisdom to  
appeal to anyone working in

Summed up in one sentence,  
Peopleware says this: give smart  
people physical space, intellectual  
responsibility and strategic direction.  
DeMarco and Lister advocate private  
offices and windows. They advocate  
creating teams with aligned goals and  
limited non-team work.
