"Brilliant. . . . [Brodie's] scholarship is wide and searching, and her understanding of Burton and his wife both deep and wide. She writes with clarity and zest. The result is a first class biography of an exceptional man."--J. H. Plumb, New York Times Book Review

An ambitious, perceptive portrayal of a complex man, this bestselling biography breaks new ground in its exploration of Jefferson's inner life. "Brodie has humanized Jefferson without in the least diminishing him".--Wallace Stegner. Photos.

In 1996, Patterson Hood recruited friends and fellow musicians in Athens, Georgia, to form his dream band: a group with no set lineup that specialized in rowdy rock and roll. The Drive-By Truckers, as they named themselves, grew into one of the best and most consequential rock bands of the twenty-first century, a great live act whose songs deliver the truth and nuance rarely bestowed on Southerners, so often reduced to stereotypes. Where the Devil Don ' t Stay tells the band ' s unlikely story not chronologically but geographically. Seeing the Truckers ' albums as roadmaps through a landscape that is half-real, half-imagined, their fellow Southerner Stephen Deusner travels to the places the band ' s members have lived in and written about. Tracking the band from Muscle Shoals, Alabama, to Richmond, Virginia, to the author ' s hometown in McNairy County, Tennessee, Deusner explores the Truckers ' complex relationship to the South and the issues of class, race, history, and religion that run through their music. Drawing on new interviews with past and present band members, including Jason Isbell, Where the Devil Don ' t Stay is more than the story of a great American band; it ' s a reflection on the power of music and how it can frame and shape a larger culture.

Analyzes the circumstances of Pres. Richard Nixon's life in an effort to define his

underlying motivations.

A midsummer night ' s murder mystery in Scotland by “ one of the funniest, savviest crime writers around ” (The Independent). Actress-turned-private investigator Jasmine Sharp is used to clients looking for long-lost relatives. When a woman hires her to find her missing sister, Sharp assumes the case will be straightforward. Instead, it pulls her back into the world of professional drama—and the warnings to mind her own business are coming on cue. Detective Superintendent Catherine McLeod ' s interest in theater is rising as well. She ' s just been called to the scene of a murder in the Highlands. A prominent figure in the Scottish arts community has suffered the worst review of his life—taken out by a sniper at an outdoor performance of *A Midsummer Night ' s Dream*. As Sharp and McLeod ' s paths cross, so do the secrets of the missing girl and the hot-shot victim. And they ' re leading to a mysterious Highlands estate where a conspiracy of drugs, sex, and satanic rituals is giving Sharp and McLeod a severe case of stage fright. “ A true pleasure for all detective fiction fans—think Ian Rankin by way of Agatha Christie, by turns dark and delightful and always intriguing. ” —Michael Koryta, *New York Times* – bestselling author of *The Prophet* “ Brookmyre ' s work shimmers with a sense of unfettered fun . . . I ' m already looking forward to the next Sharp-McLeod outing. ” —The Independent

An "extraordinary biography" (New York Times Book Review) of a brilliant pair of adventurers. Their marriage was both improbable and inevitable. Isabel Arundell was a schoolgirl, the scion of England's most distinguished Catholic family. When she first saw him while walking at a seaside resort, Richard Burton had already made his mark as a linguist (he was fluent in twenty-nine languages), scholar, soldier, and explorer--at once a symbol of Victorian England's vision of empire and an avowed rebel against its mores. When she turned and saw him staring after her, she decided that she would marry him. By their next meeting, Burton had become the first infidel to infiltrate Mecca as one of the faithful, and, in an expedition to discover the source of the Nile, would soon be the first white man to see Lake Tanganyika. After being married, the Burtons traveled and experienced the world, from diplomatic postings in Brazil and Africa to hair-raising adventures in the Syrian desert. In later life Richard courted further controversy as a self-proclaimed erotologist and the translator of *The Kama Sutra*. Based on previously unavailable archives, Mary Lovell has written a compelling joint biography that sets Isabel in her proper place as Burton's equal in daring and endurance, a fascinating figure in her own right.

Work-life balance for a spy may be an oxymoron, but Jack Reardon likes a good challenge. And he's almost bested this one. He's settled into his Meta-State promotion as a field leader and into his new team with a second he can trust. Shop in order, he can take a day or two off when Ethan blows into town, their bargain finally starting to paying off. Assassin Ethan Blade has few pleasures in his life--a decent cup of tea, a job well done, racing his fleet of supercars, and Jack. With plans to combine the last two into one thrilling weekend, Ethan's attempt at having a normal, happy life may deliver everything he's ever desired--or backfire spectacularly. Jack and Ethan made a bargain, but the deal is thrown into jeopardy when the expectations and identities of the dealmakers shift--stoking the fires of doubt and jealousy. Not to mention a contract killer out for revenge and an illness that threatens to reveal closely guarded secrets. Rewards are on the table for both men, maybe bigger than they even realize, if only they can renegotiate--and survive.
