~~Amazon.com: The Jepson Manual: Vascular Plants of~~

The Jepson Manual: Higher Plants of California (1993) is a revision of Willis Linn Jepson's Manual of the Flowering Plants of California . It represents the most comprehensive identification guide to nearly eight thousand taxa of native and naturalized California plants. The means to identify plants (using key traits and illustrations) is accompanied by special information such as horticultural requirements, endangerment, toxicity, weed status, and notes on the management of sensitive species.

~~Jepson Manual Project~~

The Jepson eFlora is the foremost authority on the native and naturalized vascular plants of California. For plants occurring in wildlands or otherwise outside of cultivation, the Jepson eFlora contains taxonomic treatments, distribution maps, illustrations, photographs, and identification keys. Citation: Jepson Flora Project (eds.) 2020.
