Emancipation to World War I is a welcome addition to the growing literature on racial violence in the United States during the years immediately following emancipation through World War I. Meticulously researched and written by Kidada E. Williams, this important work examines racial violence through the words of victims and witnesses, creating what Edward E. Baptist has called "vernacular history," which is ...

Violence From Emancipation To World War
leading economic and military powers—above all, the United States—in countries that are vulnerable to their attacks. The criteria for such intervention have become more arbitrary and self-serving, and their form more destructive, from Yugoslavia to Afghanistan to Iraq. Until the U.S. invasion of Iraq, the large parts of the left was often complicit in this ideology of intervention—discovering new “Hitlers” as the need arose, and denouncing antiwar arguments as appeasement on the model of Munich in 1938. Jean Bricmont’s Humanitarian Imperialism is both a historical account of this development and a

Read Free They Left Great Marks On Me African American Testimonies Of Racial

powerful political and moral critique. It seeks to restore the critique of imperialism to its rightful place in the defense of human rights. It describes the leading role of the United States in initiating military and other interventions, but also on the obvious support given to it by European powers and NATO. It outlines an alternative approach to the question of human rights, based on the genuine recognition of the equal rights of people in poor and wealthy countries. Timely, topical, and rigorously argued, Jean Bricmont's book establishes a firm basis for resistance to global war with no end in

Read Free They Left Great Marks On Me African American Testimonies Of Racial Violence From Emancipation To World War II

"A collection of new essays and columns published in the wake of the 2015 Charleston, SC, massacre, along with excerpts from key scholarly books. It draws from a variety of disciplines--history, sociology, urban studies, law, critical race theory--and includes discussion questions and a selected and annotated bibliography for further reading"--Amazon.com.

The transatlantic slave trade brought individuals from diverse African regions and

Violence From Emancipation To World War
cultures to a common destiny in the American South. In this comprehensive study, Michael Gomez establishes tangible links between the African American community and its African origins and traces the process by which African populations exchanged their distinct ethnic identities for one defined primarily by the conception of race. He examines transformations in the politics, social structures, and religions of slave populations through 1830, by which time the contours of a new African American identity had begun to emerge. After discussing specific ethnic groups in Africa, Gomez

Read Free They Left Great Marks On Me African American Testimonies Of Racial

Violence From Emancipation To World War
follows their movement to North America, where they tended to be amassed in recognizable concentrations within individual colonies (and, later, states). For this reason, he argues, it is possible to identify particular ethnic cultural influences and ensuing social formations that heretofore have been considered unrecoverable. Using sources pertaining to the African continent as well as runaway slave advertisements, ex-slave narratives, and folklore, Gomez reveals concrete and specific links between particular African populations and their North American progeny, thereby shedding new

Read Free They Left Great Marks On Me African American Testimonies Of Racial Violence From Emancipation To World War formation.

On November 23, 1887, white vigilantes gunned down unarmed black laborers and their families during a spree lasting more than two hours. The violence erupted due to strikes on Louisiana sugar cane plantations. Fear, rumor and white supremacist ideals clashed with an unprecedented labor action to create an epic tragedy. A future member of the U.S. House of Representatives was among the leaders of a mob that routed black men from houses and forced them to a stretch of railroad track,

Violence From Emancipation To World War
ordering them to run for their lives before
gunning them down. According to a witness,
the guns firing in the black neighborhoods
sounded like a battle. Author and award-
winning reporter John DeSantis uses
correspondence, interviews and federal
records to detail this harrowing true story.

NEW YORK TIMES BESTSELLER New York Times
bestselling author and acclaimed linguist
John McWhorter argues that an illiberal
neoracism, disguised as antiracism, is
hurting Black communities and weakening the
American social fabric. Americans of good

Violence From Emancipation To World War II

will on both the left and the right are secretly asking themselves the same question: how has the conversation on race in America gone so crazy? We're told to read books and listen to music by people of color but that wearing certain clothes is "appropriation." We hear that being white automatically gives you privilege and that being Black makes you a victim. We want to speak up but fear we'll be seen as unwoke, or worse, labeled a racist. According to John McWhorter, the problem is that a well-meaning but pernicious form of antiracism has become, not a progressive ideology, but a religion—and one

Read Free They Left Great Marks On Me African American Testimonies Of Racial

Violence From Emancipation To World War II

that's illogical, unreachable, and unintentionally neoracist. In *Woke Racism*, McWhorter reveals the workings of this new religion, from the original sin of "white privilege" and the weaponization of cancel culture to ban heretics, to the evangelical fervor of the "woke mob." He shows how this religion that claims to "dismantle racist structures" is actually harming his fellow Black Americans by infantilizing Black people, setting Black students up for failure, and passing policies that disproportionately damage Black communities. The new religion might be called

Read Free They Left Great Marks On Me African American Testimonies Of Racial

“antiracism,” but it features a racial essentialism that’s barely distinguishable from racist arguments of the past.

Fortunately for Black America, and for all of us, it’s not too late to push back against woke racism. McWhorter shares scripts and encouragement with those trying to deprogram friends and family. And most importantly, he offers a roadmap to justice that actually will help, not hurt, Black America.

bestselling author of *Behold the Dreamers*.
NAMED ONE OF THE BEST BOOKS OF THE YEAR BY
ESQUIRE • “Mbue reaches for the moon and, by
the novel’s end, has it firmly held in her
hand.”—NPR We should have known the end was
near. So begins Imbolo Mbue’s powerful second
novel, *How Beautiful We Were*. Set in the
fictional African village of Kosawa, it tells
of a people living in fear amid environmental
degradation wrought by an American oil
company. Pipeline spills have rendered
farmlands infertile. Children are dying from
drinking toxic water. Promises of cleanup and
financial reparations to the villagers are

Violence From Emancipation To World War
made—and ignored. The country's government,
led by a brazen dictator, exists to serve its
own interests. Left with few choices, the
people of Kosawa decide to fight back. Their
struggle will last for decades and come at a
steep price. Told from the perspective of a
generation of children and the family of a
girl named Thula who grows up to become a
revolutionary, *How Beautiful We Were* is a
masterful exploration of what happens when
the reckless drive for profit, coupled with
the ghost of colonialism, comes up against
one community's determination to hold on to
its ancestral land and a young woman's

willingness to sacrifice everything for the
sake of her people's freedom.

Home to established African American institutions and communities, Washington, D.C., offered women in the New Negro movement a unique setting for the fight against racial and gender oppression. Colored No More traces how African American women of the late-nineteenth and early twentieth century made significant strides toward making the nation's capital a more equal and dynamic urban center. Treva B. Lindsey presents New Negro womanhood as a multidimensional space

Read Free They Left Great Marks On Me African American Testimonies Of Racial

Violence From Emancipation To World War II

that included race women, blues women, mothers, white collar professionals, beauticians, fortune tellers, sex workers, same-gender couples, artists, activists, and innovators. Drawing from these differing but interconnected African American women's spaces, Lindsey excavates a multifaceted urban and cultural history of struggle toward a vision of equality that could emerge and sustain itself. Upward mobility to equal citizenship for African American women encompassed challenging racial, gender, class, and sexuality status quos. Lindsey maps the intersection of these challenges and
