could he really get free long-distance calls by whistling into a pay phone? Did his video-game piracy scheme accidentally trigger the first computer virus? And did he really dodge the FBI by using their own wiretapping software against them? Is he even a real person? And if he's ever caught, what would happen to a geek like him in federal prison? Inspired by the incredible stories of real-life hackers, WIZZYWIG is the thrilling tale of a master manipulator -- his journey from precocious child scammer to federally-wanted fugitive, and beyond. In a world transformed by social networks, data leaks, and digital uprisings, Ed Piskor's debut graphic novel reminds us how much power can rest in the hands of an audacious kid with a keyboard. -- A 288-page hardcover graphic novel, 6.5" x 9". The performers make moves to separate themselves from the paying customers by dressing more and more flamboyant until a young group called RUN-DMC comes on the scene to take things back to the streets. This volume covers hits like Afrika Bambaataa's Planet Rock, Grandmaster Flash and the Furious Five's the Message, the movie Wild Style and introduces superstars like NWA, The Beastie Boys, Doug E Fresh, KRS One, ICE T, and early Public Enemy.
